

HEALTH INSURANCE

All citizens residing in Germany are required to take out health insurance. You have the choice between different health insurances, statutory or private. For the enrolment at the university, statutory health insurance is stipulated.

In the following, we explain what there is to do, depending on your situation

State health insurance in Germany

Please inform your health insurance at the beginning of your study that you start studying at the hmt Rostock quoting the “Absendernummer” of our university: H0001457.

Private health insurance in Germany:

If you are/want to be privately insured, you must be exempted from the statutory insurance. Please contact a statutory health insurance company quoting the university “Absendernummer” H0001457 as well as the start date and state your wish to be exempted from the statutory health insurance.

Health Insurance inside the European Union but Germany:

Please submit a copy of your European Health Insurance Card, quoting the university “Absendernummer” H0001457 and the start date of your study to a German statutory health insurance company of your choice.

Health Insurance outside the European Union:

Please take out a German statutory health insurance for your studies, quoting the university “Absendernummer” H0001457 and the start date.

Alternatively, you can take out a travel insurance from abroad, but only for the beginning of your studies.
